Respectfully, We the concerned American People are demanding an  
immediate injunctive relief, from any and all who are and or would have  
the eviction of the people at what is commonly referred to as, Sacramento  
Tent City, take place, and or any abridgement of Rights of the People residing  
there, by erecting a fence in that area or doing anything that would abridge the  
Rights and Liberties that they have been enjoying there for decades.

These Peoples names may have changed as time has gone bye, as these are and or have  
been different people over the decades, but these who are sometimes referred to as,  
Homeless and or Needy, have been using this land area as described below for decades,  
as a sort of, **Safe Ground** land area.

22

That they, 'The People', may place down a sleeping bag, a tent, a small dwelling, and  
reside there, maybe with family members, friends, pets or just themselves, without fear of  
legal actions against them for doing so.

to have this, so called, Tent City, 'Safe Ground land area', truly and clearly articulated by law to be a,

Submitted this day, 04.13.2009, to the appropriate Legal Authorities of the State of California, and if  
need be to the Federal Government of the United States of America, for immediate remedy and  
protection for the People livening in what is referred to as of this date, 04.13.2009, as Sacramento Tent  
City, in Sacramento County, California.

35

To the Honorable Justices of California and or the United States of America:

36 The so called, Homeless People, occupying, residing, and livening for decades, in the area far north of  
37 the center of Sacramento City, California, which has become to be referred to as, 'Tent City', have a,  
38 'Legal Right', to use part of that property, under the law of, **PRESCRIPTIVE EASEMENTS AND OR ADVERSE**  
39 **POSSESSION**, for occupying, residing, and livening, as they have been doing, for decades. And as the law  
40 might have it be said, they are and have done so in a, 'open, notorious, continuous and hostile  
41 occupancy', for decades.

42 Yes they, the so called homeless people of the Sacramento County area, over the decades have  
43 continuously used this land area as stated above, but now as of, 'April of 2009', they are now being  
44 ordered to vacate said area, in what we believe, is an illegal action to remove said People from this so  
45 called, 'Tent City', as referenced above.

46 So this immediate injunctive relief is sought, to stop the eviction and any fence building or other actions  
47 that would abridge the Rights of the so called, Homeless People, living there as they have for decades,  
48 and for, **PRESCRIPTIVE EASEMENTS**, so as to have adjudicated the legal right to continue the use of this  
49 land area as described above.
